Start Date: 01.Mar.2020

End Date: 31.Dec.2022

Results Statement

Status (most recent update: ● Constrained

As-of Date: 28.Dec.2022

With the covid waves receding in India, at least for now, the burden on healthcare institutions was relieved and schools began reopening all over India. As social distancing norms and lockdowns began relaxing, UNICEF supported State and district administrations in promoting covid-appropriate behaviors like handwashing with soap and wearing masks through inter-personal communication, behaviour change interventions, and provision of WASH supplies like soap, masks, sanitizers etc. Floods and cyclones ravaged many parts of the country this year and local UNICEF teams supported local governments and NGO partners in providing immediate relief.

Indicator Details

Indicators	Baseline		Target		Status	
	Year	Value	Year	Value	Year	Value
Number of targeted population provided with hygiene kits or key hygiene items in the reporting year [COVID]	2019	0	2020	2019185	2020	11392544
