

Business Area: 2690 - Malawi

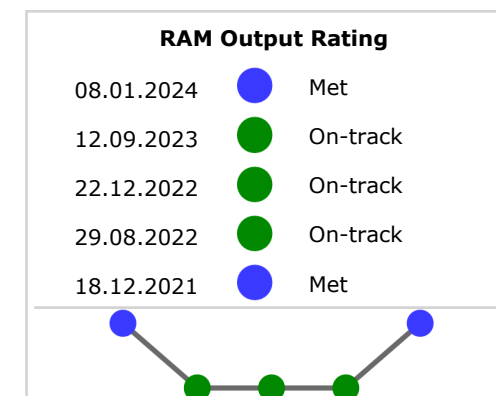

Output ID: 2690/A0/06/021/002

Output Title: 2 - QUALITY HEALTH, HIV AND NUTRITION SERVICES

Full Output Statement: Output 1.2: Health and nutrition service delivery points in targeted districts have the capacity to deliver quality MNCH, HIV and nutrition services for all children and promote healthy behaviors.

Start Date: 01.Jan.2019

End Date: 31.Dec.2023

Goal and Result Area	
Goal Description	Result Area Description
31 - Survive and Thrive	31-01 - Strengthening primary health care and high-impact health interventions
	31-05 - Mental health and psychosocial well-being
	31-03 - Fast-track the end of HIV/AIDS
	31-02 - Immunization services as part of primary health care
	31-07 - Nutrition of adolescents and women
	31-08 - Early detection and treatment of malnutrition
	31-06 - Nutrition in early childhood
	31-04 - Health and development in early childhood and adolescence
	32 - Learn
33 - Protection from Violence and Exploitation	33-01 - Protection from violence, exploitation, abuse and neglect
	33-02 - Promotion of care, mental health and psychosocial well-being and justice
34 - Safe and Clean Environment	34-02 - Water, sanitation and hygiene systems and empowerment of communities
	34-01 - Safe and equitable water, sanitation and hygiene services and practices

Specific Intervention Codes	
SIC	
31-01-02	Facility based maternal and newborn care (including emergency obstetric and newborn care, quality improvement)
31-01-03	Maternal and newborn care policy advocacy, evidence generation, national / subnational capacity development
31-01-04	Implementation of community based integrated prevention and management of childhood illnesses (e.g. iCCM)
31-01-05	IMNCI facilities and referral level management of childhood illnesses (e.g. ETAT, inpatient care)
31-01-06	Child health policy advocacy, evidence generation, national/ subnational capacity development
31-01-09	HSS - Community Health System
31-01-10	HSS - Health systems procurement and supplies management
31-01-15	Epidemic preparedness and response
31-01-99	Technical Assistance - MNCH and HSS
31-02-01	Social and Behaviour Change and Community Engagement for Immunization
31-02-02	Immunization supply chain, including cold chain
31-02-03	Evidence generation and policy advocacy for immunization
31-02-05	Immunization programmes to reach zero dose communities

Terms and Conditions

UNICEF applies the principles and requirements of the UNDG HACT Framework and the UNICEF HACT Policy and Programme Implementation Procedure to assess risk and obtain assurance that the funds transferred to implementing partners are used to achieve results as intended. The approach to risk management is determined by UNICEF offices based on factors such as programme context, risk profile of partners, program activities, locations, and other relevant considerations. This may involve capacity assessments, varied cash transfer modalities, programme monitoring, and financial assurance measures (spot checks, scheduled audits, or special audits). UNICEF collaborates with implementing partners to effectively carry out the necessary assessments, monitoring, and assurance activities.

36 - Cross Sectoral	36-03 - Cross-sectoral - Social and behaviour change
80 - Survive and Thrive	80-06 - Nutrition in early childhood (COVID)
	80-08 - Early detection and treatment of malnutrition (COVID)
	80-01 - Strengthening primary health care and high-impact health interventions (COVID)
	80-02 - Immunization services as part of primary health care (COVID)
82 - Protection from Violence and Exploitation	82-02 - Promotion of care, mental health and psychosocial well-being and justice (COVID)
83 - Safe and Clean Environment	83-01 - Safe and equitable water, sanitation and hygiene services and practices (COVID)

31-02-99 - Technical assistance - Immunization (excluding Polio technical assistance)
31-03-01 - HIV testing and counselling including EID, POC EID, PITC, ANC testing, Self testing, Retesting and Family based testing
31-03-05 - Care and support for HIV affected women, children and adolescents including ECD, child protection, mental health and psychosocial support, and social protection services
31-03-06 - Treatment for PMTCT and infant ARV prophylaxis
31-03-09 - Programme support for PMTCT including for triple elimination, viral load monitoring, retention in care, infant feeding, PreP among HIV-negative women, family planning and partner testing
31-03-99 - Guideline development and Technical Support for HIV prevention, treatment and care
31-04-05 - Non Communicable Diseases
31-04-09 - Climate-resilient and environmentally sustainable health care facilities
31-06-01 - Breastfeeding protection, promotion and support, including work on the Code of Marketing of Breastmilk Substitutes
31-06-02 - Diet diversity in early childhood, including complementary feeding, multiple micronutrient powders and lipid-based nutrition supplements
31-06-03 - Micronutrient supplementation in early childhood, including vitamin A supplementation and deworming prophylaxis
31-06-05 - National multisectoral strategies and plans to prevent stunting and wasting (excludes intervention specific strategies)
31-06-06 - Strengthening data and national information systems, including routine systems, nutrition surveys and assessments (early childhood nutrition)
31-06-99 - Technical assistance - Nutrition in early childhood
31-07-01 - Maternal nutrition, including counselling, micronutrient supplementation and dietary support
31-07-02 - Salt iodization and other large-scale food fortification
31-07-03 - Prevention of undernutrition and micronutrient deficiencies in middle childhood and adolescence
31-08-01 - Early detection and treatment for children with life-threatening wasting
31-08-02 - Preparedness and response for maternal and child nutrition
31-08-03 - Nutrition sector/cluster coordination
31-08-04 - Strengthening data and national information systems in emergencies, including rapid assessments, IPC, smart surveys and other nutrition surveys
31-08-99 - Technical assistance - Early detection and treatment of malnutrition
