Start Date: 01.Jan.2018

End Date: 31.Dec.2022

Results Statement

Status (most recent update: ● Met

As-of Date: 29.Dec.2022

UNICEF support enabled its partners in reaching 2.1 million caregivers of children (including 623,005 caregivers in humanitarian settings) with key messages on IYCF and hygiene and enhanced capacity of 14,296 health care providers on IYCF counselling including BFHI. A total of 20 breastfeeding spaces were established across the country to promote and protect breastfeeding in 2022. UNICEF assistance supported formation of 10,081 support groups for community engagement on IYCF. A case study was conducted on the peer support groups role in communities clearly indicating their importance with an emphasis on roles and capacity enhancement of volunteers in programming.
